What will Labour do if they win the 2015 general election?

This document explains why you should vote for Labour in the election on Thursday 7th May 2015.

To support Labour fill in a form on the website:
www.support.labour.org.uk

If Labour wins the election they promise to do 5 things to make the UK better. These are:

1. We will make sure the UK has a strong economy

We will do this by:

- Not spending more money than we have.

- Reducing our debt.

2. We will make life better for working families

We will do this by:

- Stopping energy bills costing more money until 2017.
- Stopping 0 hour contracts if they are being used unfairly.

- Putting the minimum wage up to £8 per hour.

- Giving 25 hours free childcare.

3. We will make the NHS better

We will do this by:

- Having 20,000 more nurses and 8,000 more GPs.

- Linking up services from home to hospital.

- Making GP appointments available within 48 hours.

- Making sure people have cancer tests within 1 week.

4. There will be controls on immigration

We will do this by:

- Only letting people who come to live in the UK claim benefits after 2 years.

- Making new rules so employers can not reduce wages by taking advantage of workers.

5. We will give young people better opportunities

We will do this by:

- Reducing university fees to £6,000 per year.

- Offering apprenticeships to everyone who leaves school with at least the basic grades.

- Making class sizes smaller for children aged 5 to 7 years old.
